The Coral Springs Center for the Arts

The Coral Springs Center for the Arts brings the finest in music, dance, comedy and more to the community; offering a variety of entertainment and artistic events for all ages and interests. From the best of Broadway, to top comedians, jazz and pop concerts, and a diverse selection of family productions, the theater has something for every taste. The Center is the cultural lifeblood of the community, with approximately 200,000 people visiting the facility yearly. Behind the scenes, The Coral Springs Center for the Arts offers touring productions, multiple production offices, chorus rooms, along with dressing rooms and catering.

General information

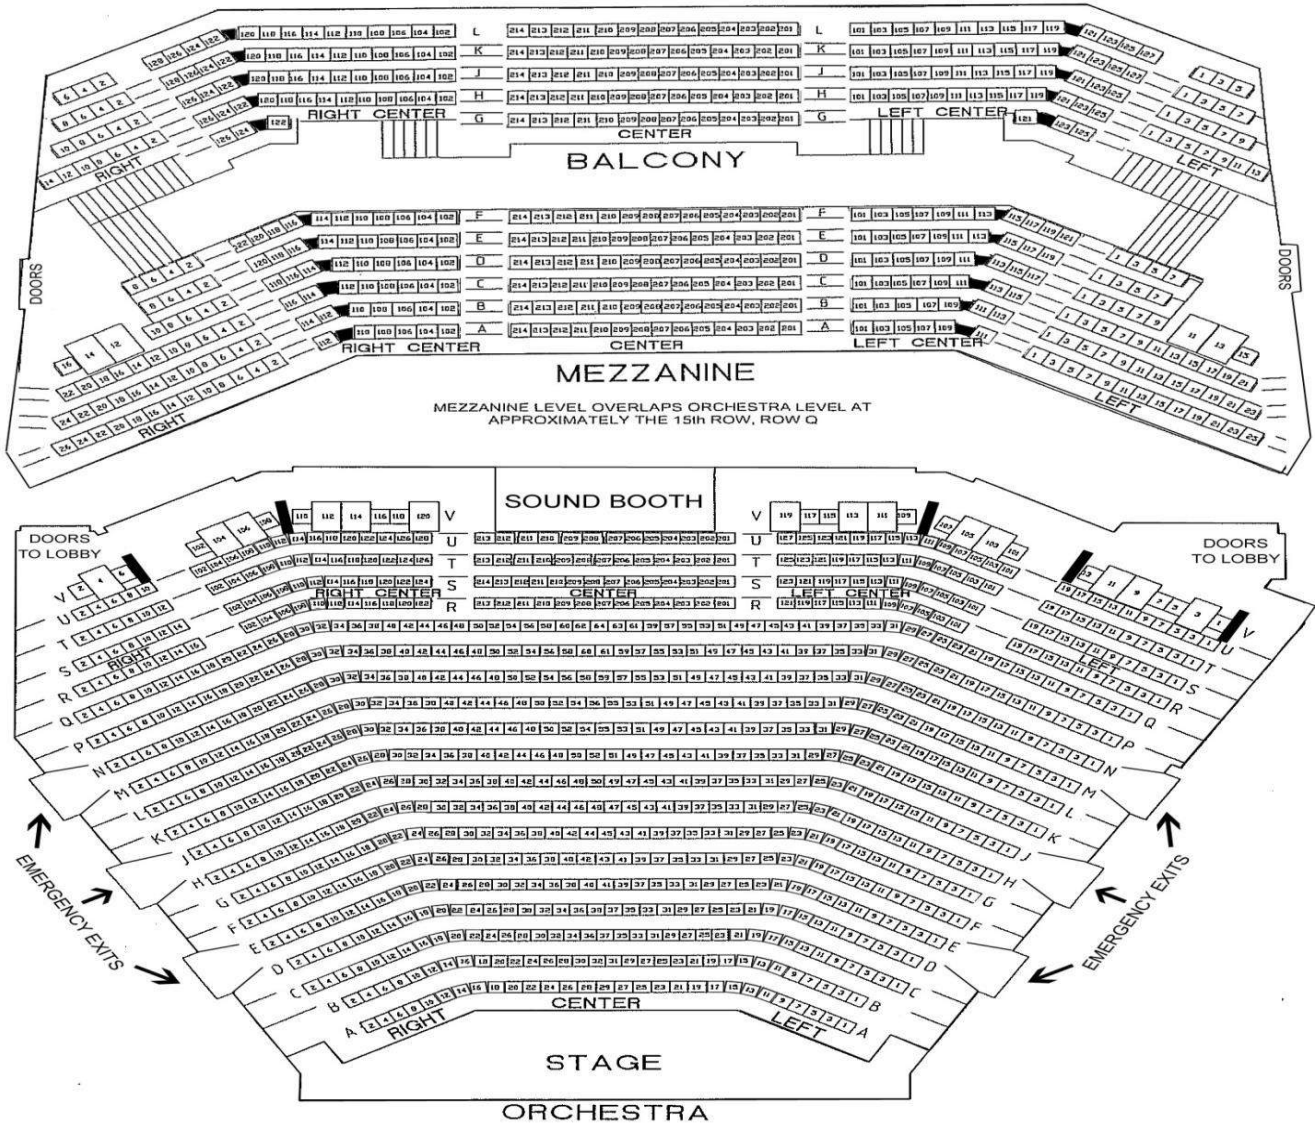

A 1,471 seat capacity, newly renovated performing arts center with a full service, in house box office.

Stage house includes 24 line sets, in-house follow spots, stage depth 25.6 ft., height 24 ft. and width 48 ft. The center also offers a fully-equipped dance studio, 3 meeting rooms with capabilities of up to 200+ people and a 10,000 sq. ft. museum.

- 3- DW cymbal stands
- 1- Roc-N-Soc drum throne with detachable back

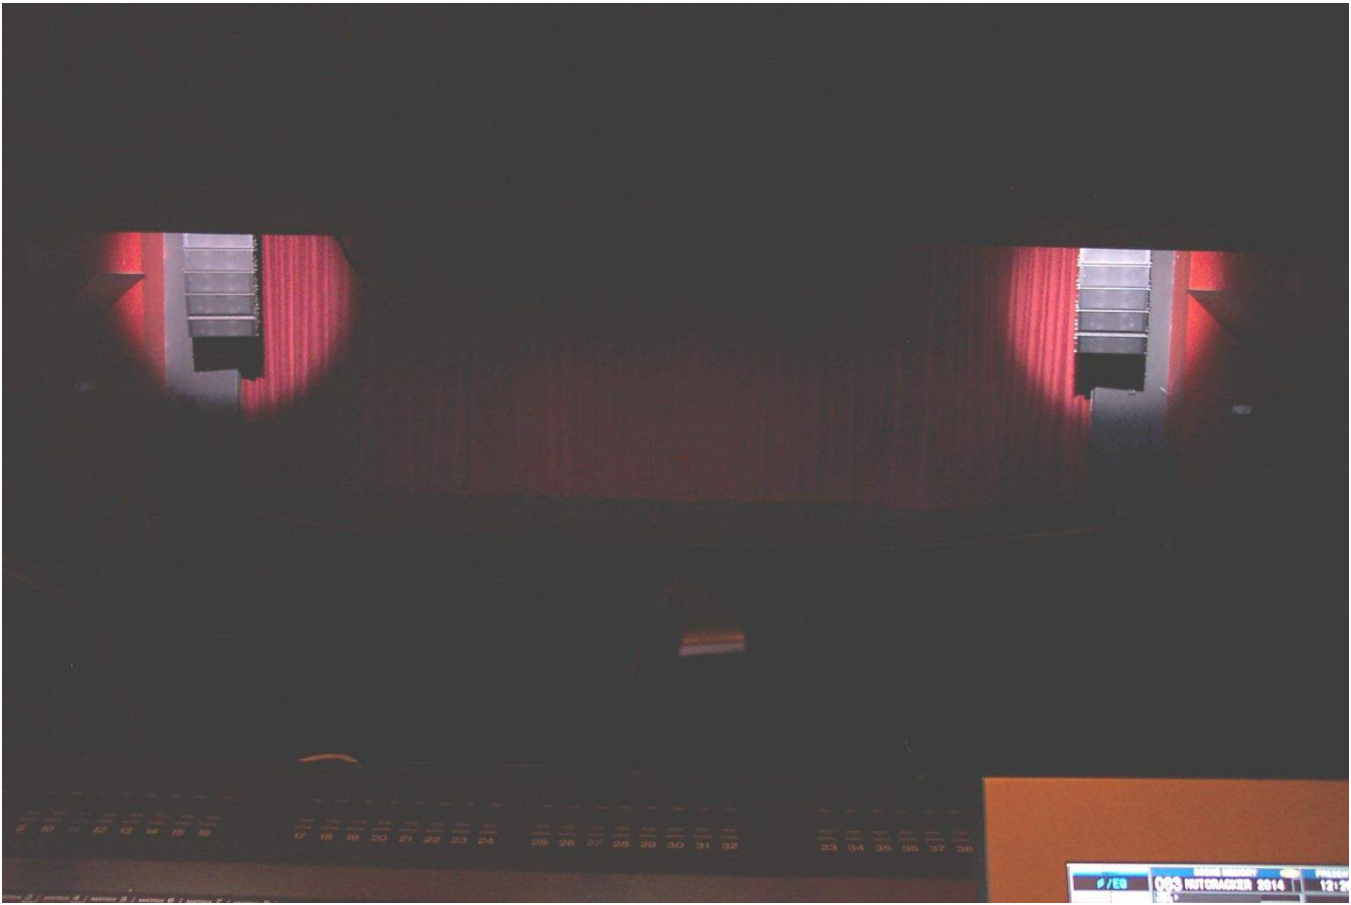

Audio system design, installation, and alignment, using Meyer SIM system, provided by Sound Associates, Incorporated, Yonkers, NY

If you are using your own FOH mix equipment, we provide a sizable area outside our control booth (house right) to accommodate your requirements. Your system can be patched into our FOH (via our Meyer Sound Galileo 616), our backstage paging/program, and our Clearcom systems, etc.

AC power tie-in for audio, via Motion Labs 100 amp, 3-phase distro and isolation transformer is located stage left.

Our Yamaha PM5D is permanently installed in our control booth.

Please see the following photo, illustrating our mix position as being in the direct dispersion patterns of our left and right Meyer Sound MICA line arrays.

Please direct any questions to our technical director:

Gerard Regan
